

We do not envisage any of our homes being sold as going concerns, although we would be interested in the buildings and/or land being used to provide services, for example, for extra care housing, and we would welcome social enterprises. If the manager and staff of Foxwalls approach us with a view to taking it over and running it as a social enterprise, we will, of course, discuss the option with them.

I am enclosing a copy of our first Changing Lives FAQ's sheet, designed to help our staff keep service users and carers informed. It aims to answer as many of the questions that people have been asking as possible. It also answers many of the points raised by people at the Foxwalls meeting.

Yours sincerely,
